## ABOUT

### GTDW Financing Global Trade Summit

10th -11th July, Singapore

For the 10th Edition of the Global Trade Development Week (GTDW), we bring together trade & finance players together to network, collaborate and make sense of changes in the industry. The global industry's trade finance players discuss topical issues including the evolving landscape of global markets impacting trade for both corporates and banks, digital innovations in blockchain, big data, IoT and what realistic changes they bring to trade finance. This year we see a rise in Fintech disruption and e-commerce as well as geopolitical trends in global markets impacting exports and domestic trade.

2017's GTDW Financing Global Trade Summit & Exhibition will build on GTDW's format of unique format within the Asia Pacific region: Multi-laterals, regulatory officials, global banks and financial institutions, and delegates hailing from automotive, electronics, agribusiness, and consumer good exports globally.
